CANWEL BUILDING MATERIALS ANNOUNCES
THIRD QUARTER 2016 FINANCIAL RESULTS

Third Quarter 2016 Financial Highlights:\(^{(1)}\):

- Revenues increased by 11.7% to $276 million
- Gross Margin dollars increased 16.3% to $36.6 million or 13.2% of revenues
- Adjusted EBITDA\(^{(3)}\) increased to $17.8 million
- Net Earnings\(^{(4)}\) increased to $8.1 million, before non-recurring items
- Nine month Adjusted EBITDA\(^{(5)}\) increased 55% to $42.7 million

VANCOUVER, CANADA – November 1, 2016 – CanWel Building Materials Group Ltd. ("CanWel" or "the Company") (TSX:CWX) announced today its third quarter 2016 financial results\(^{(1)}\) for the period ended September 30, 2016.

For the three-month period ended September 30, 2016\(^{(1)}\), revenues increased by 11.7% to $276 million when compared to $247 million in the same period in 2015. The increase in revenues was mainly attributable to the additional revenue resulting from the impact of a full quarter of the Jemi Fibre Corp. acquisition ("Jemi Fibre") (the “Acquisition”) on the Company’s Forestry segment. The Company’s continuing focus on its product mix strategies and target customer base, and improved wood product pricing, also contributed to the increase in sales of its Building Materials Distribution segment.

During the third quarter, gross margin increased by 16.3% to $36.6 million, compared to $31.5 million during the corresponding period in 2015. Gross margin percentage also increased to 13.2% of revenues versus 12.7% during the same period in 2015. The increase in gross margin percentage is mainly due to contribution from the Acquisition and a change in the Company’s sales mix within general categories of construction materials and specialty and allied products.

EBITDA\(^{(2)}\) and net earnings\(^{(4)}\) were impacted by non-recurring acquisition costs resulting from the acquisitions of Jemi Fibre and Total Forest Industries in the net amount of $774,000. As such, EBITDA and Adjusted EBITDA\(^{(3)}\) for the three months ended September 30, 2016 increased respectively to $17.0 million and $17.8 million, a 34.9% increase in EBITDA, and a 28.1% increase in Adjusted EBITDA compared to $13.9 million in the same quarter of 2015. As a result of the foregoing factors, net earnings and net earnings before non-recurring acquisition costs increased to $7.3 million and $8.1 million respectively, during the third quarter of 2016, when compared to $6.6 million and $7.9 million, respectively, during the third quarter in 2015.

For the nine-month period ended September 30, 2016\(^{(5)}\), the Company generated EBITDA and adjusted EBITDA of $73.1 million and $42.7 million, respectively, on revenues of $763.9 million. This represents a 54.6% increase to 2015 Adjusted EBITDA of $27.6 million on revenues of
$631.2 million. Gross margin and gross margin percentage during the same period amounted to $99.9 million, and 13.1%, respectively, compared to prior period gross margin and gross margin percentage of $74.6 million and 11.8%, respectively.

“I am very pleased with the growth and overall financial performance across our business segments. We paid down $48.5 million in debt in the quarter, further strengthening our balance sheet and liquidity position, and retiring our convertible debt early,” commented Amar S. Doman, Chairman of the Board. "We are very proud of our accomplishments so far in 2016 as our acquisitions of Jemi Fibre and Total Forest Industries have contributed to solid sales growth and very strong profitability performance for CanWel."

About CanWel

Founded in 1989, CanWel is headquartered in Vancouver, British Columbia and trades on the Toronto Stock Exchange under the symbol CWX and is Canada’s only fully integrated national distributor in the building materials and related products sector. CanWel operates multiple treating plant and planing facilities in Canada and the United States, and operates distribution centres coast-to-coast in all major cities and strategic locations across Canada and near San Francisco and Los Angeles, California. CanWel distributes a wide range of building materials, lumber and renovation products. In addition, through its Jemi Fibre division, CanWel operates a vertically-integrated forest products company based in Western Canada, operating from British Columbia to Saskatchewan, also servicing the US Pacific Northwest. CanWel owns approximately 136,000 acres of private timberlands, strategic Crown licenses and tenures, log harvesting and trucking operations, several post and pole peeling facilities and two pressure-treated specialty wood production plants.

Certain statements in this press release may constitute “forward-looking” statements. When used in this press release, such statements use words, including but not limited to, “may”, “will”, “would”, “should”, “expect”, “believe”, “plan”, “intend”, “anticipate”, “predict”, “remain”, “estimate”, “potential”, “continue”, “could”, “might”, “project”, “targeting”, “future” and other similar terminology or the negative or inverse of such words or terminology. These forward-looking statements reflect the current expectations of CanWel’s management regarding future events and operating performance, but involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of CanWel, including the cash flow from operations, dividends or EBITDA generated or paid by CanWel, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Actual events could differ materially from those projected herein and depend on a number of factors. These factors include (i) the risk that the integration of the acquisition of the assets of Total Forest Industries Ltd. (“TFI”) in quarter 3, 2016, Jemi Fibre Corp. (“Jemi”) in quarter 2, 2016, or the assets of California Cascade Industries (“CCI”) in quarter 3, 2015, Pastway Planing Limited (“Pastway”) in quarter 3, 2013, the assets of North American Wood Preservers (“NAWP”), completed in quarter 2, 2013 or Northwest Wood Preservers (“NWP”), completed in quarter 1, 2012 (collectively the “Acquisition”) may result in significant challenges, and management of CanWel may be unable to accomplish the integration of the Acquisition smoothly or successfully or without spending significant amounts of time, money or other resources thereon; any inability of management to successfully integrate the operations of the combined business, including, but not limited to, information technology, financial reporting systems or environmental matters, any of which could have a material adverse effect on the business, financial condition and results of operations of CanWel; (ii) the risk that revenues, profits and margins of the Company may not remain consistent with historical levels, (iii) the risk that competing firms which manufacture or distribute competitive products lines will aggressively defend or seek market share, or that existing customers or suppliers of TFI, Jemi, CCI, Pastway, NAWP or NWP (some of whom are competitors of CanWel) will cease doing business with the Company, in each case reducing, eliminating or reversing any potential positive economic impact on CanWel of the Acquisition; (iv) the risk that any increased sales, margin, profit or distributable cash resulting from the Acquisition may not be fully realized, realized at all or may take longer to realize than expected; (v) the risk of disruption from the integration of the Acquisition making it more difficult to maintain relationships with customers, employees or suppliers. - Adjusted EBITDA should not be considered by an investor as an alternative to net income or cash flows as determined in accordance with IFRS. For a reconciliation of EBITDA to the most directly comparable measures calculated in accordance with IFRS refer to "Reconciliation of Net Earnings to Earnings before Interest, Tax, Depreciation and Amortization (EBITDA)".

(1) Please refer to our Q3 2016 MD&A and Financial Statements for further information. Our Q3 2016 Financial Statements filings are reported under International Financial Reporting Standards ("IFRS").

(2) In the discussion, reference is made to EBITDA, which represents earnings from continuing operations before interest, provision for income taxes, depreciation and amortization, goodwill impairment loss and share-based compensation. This is not a generally accepted earnings measure under IFRS and does not have a standardized meaning under IFRS, and therefore the measure as calculated by the Company may not be comparable to similarly-titled measures reported by other companies. EBITDA is presented as we believe it is a useful indicator of a Company’s ability to meet debt service and capital expenditure requirements and because we interpret trends in EBITDA as an indicator of relative operating performance. EBITDA should not be considered by an investor as an alternative to net income or cash flows as determined in accordance with IFRS. For a reconciliation of EBITDA to the most directly comparable measures calculated in accordance with IFRS refer to "Reconciliation of Net Earnings to Earnings before Interest, Tax, Depreciation and Amortization (EBITDA)".

(3) In the discussion, reference is made to Adjusted EBITDA, which is EBITDA as defined above, before certain one-time or unusual items. This is not a generally accepted earnings measure under IFRS and does not have a standardized meaning under IFRS, and therefore the measure as calculated by the Company may not be comparable to similarly-titled measures reported by other companies. Adjusted EBITDA is presented as we believe it is a useful indicator of the Company’s ability to meet debt service and capital expenditure requirements from its regular business, before non-recurring items. Adjusted EBITDA should not be considered by an investor as an alternative to net income or cash flows as determined in accordance with IFRS. For a reconciliation from EBITDA to the most directly comparable measures calculated in accordance with IFRS refer to "Reconciliation of Net Earnings to Earnings before Interest, Tax, Depreciation and Amortization (EBITDA)".

(4) Not including non-recurring items and before accounting for “Other Comprehensive Income”; please refer to our Q3 2016 Financial Statements for further information.

(5) Please refer to the discussion of our nine month results in our Q3 2016 MD&A for further information.
